EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Frederick S. Burkhart on September 21, 2004.

The application has been amended as follows:

In claim 138, line 9, "slat" has been changed to --slats-- (after "propelling")

In claim 160, line 2, "said" has been changed to --a-- (before "proximity")

3. The following is an examiner's statement of reasons for allowance: The prior art of record generally does not teach a positive displacement sorter conveyor having a plurality of interconnected slats having pusher shoes with a linear motor propulsion system with the slat containing part of a motor secondary, and/or the feature of the non-circular profile of the track network on a slat w/pusher shoe sorter conveyor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
